HON. D. L. MOORE.

of Mercer county, is a candidate for Congress in the eighth district, to succeed Hon. G. G. Gilbert, subject to the action of the Democratic party. Your support is earnestly solicited.

The sweeping victory achieved by George B. McClellan, the Tammany and democratic candidate for mayor of New York City, affords a splendid illustration of the fact that Tammany is herself again, and when not cursed with internal dissension and strife, she can win an election with an old-time, old-fashioned democratic majority. In all this there comes the suggestion that the newly elected mayor of Greater New York becomes a powerful, if not the logical, candidate for the vice presidential nomination on the democratic ticket of next year and this is not without good reason. He is what the world would call a "self-made man," and by dint of his own labors he has succeeded where many have failed. He began life as a newspaper reporter on the New York dailies. He next read law and became a lawyer by profession. In 1892 he was elected president of the board of aldermen for the city and county of New York which he held for two years. He was five times elected a member of Congress from the 12th district of New York City, serving in the 54th, 55th, 56th, 57th and 58th congresses. His full name is George Brinton McClellan and he was born in Dredon, Saxony, whither his parents had gone on a visit on the 23rd day of November, 1865, and he will, therefore, be 38 years of age this month. His remarkable political successes are an achievement seldom made by one so young.

In 17 years, including 1902, the State of New Jersey has created over 20,000 corporations, with an aggregate capital of nearly \$15,000,000,000 and has set them adrift seeking whom they might devour. Over one-third of these monsters have been smothered in their own greed and have defaulted and gone out of business; but the dangerous remainder are a continual menace to business prosperity and have yet to be dealt with. For nine months of the present year 1,635 new corporations have been chartered.

CONGRESS convened yesterday in extraordinary session. Practically nothing will be done during this week beyond the election of Mr. Cannon as the speaker of the House. The president's message will also be read to day. The Panama situation may be brought up in the Senate by Mr. Morgan.

THE infant mortality of Atlanta decreased 70 per cent. after citizens instituted a milk crusade. This is one of the most amazing stories of the day, for it is almost incredible that a city of the United States should permit murder by the wholesale.

THE new commander-in-chief of the G. A. R. says the pension list must be enlarged. What's the matter with turning the treasury over to the old soldiers? That would be the quickest way of reducing the surplus.

THE navy is getting pretty thoroughly American. Secretary Moody says that of the 29,800 enlisted men in the navy, 79.8 per cent are native born, 10.9 per cent are naturalized citizens and 9.3 are aliens.

THE Chicago Chronicle suggests Gov. Beckham as a presidential possibility. Had it said probably it would have hit nearer the mark. The future of the young man is brimming full of possibilities.

NELSON county gave Gov. Beckham 1,024 majority. He ran 300 ahead of his ticket. This shows how the model executive stands at home.

A CHICAGO woman wants \$25,000 for being kissed. The average man wouldn't kiss a Chicago woman for double that amount.

## POLITICAL.

Somerset goes republican by 45 voters at \$3 per head, says the Journal.

The United States has formally recognized the new Republic of Panama. Speaking of contributing to the glorious result, the Somerset Journal was a hand and a half.

The Hon. John S. Williams, of Mississippi, has been chosen as democratic candidate for Speaker of the House of Representatives.

The newspapers which did their level best to elect Belknap governor, are now admitting that he was not the man for the place any way.

"Senator J. C. S. Blackburn will surely be a candidate to succeed himself upon the expiration of his present term," says State Chairman Allice W. Young.

Senator Bate, of Tennessee says he is not in favor of the nomination of Cleveland for president. He thinks Gorman or Parker should receive the nomination from the democrats.

Mayor elect McClellan, of New York, will continue as a member of Congress until the time of his inauguration and will bend his efforts toward the passage of the Cuban reciprocity treaty.

At Georgetown a democrat and a republican got the same number of votes for councilman. The election commissioners settled the question by tossing up a silver dollar. The democrat won.

The count of the official vote in Fayette county developed the fact that H. M. Bosworth, State Treasurer-elect, led the democratic ticket in his home county, receiving more votes than Gov. Beckham.

The special election on the 11th district to choose a successor to the late Congressman Boreing will be held today. It is expected that Dr. Hunter's name will be under the ing cabin in some counties and D. C. Edwards' in others. Both sides are preparing for a contest in Congress.

Williams and Dearmond will probably be the democratic members of the House Committee on Rules. Williams and Clark will fill the democratic vacancies on the Ways and Means Committee and Underwood may succeed Richardson if the former democratic leader does not care to serve.

Gov. Beckham has accepted McD. Ferguson's resignation as Senator from McCracken and Ballard counties. His successor will be chosen at a special election in December. Nat A. Porter also resigned as Commonwealth's Attorney of the Bowling Green district, and W. B. Gaines was appointed to fill the unexpired term.

Capt. A. T. Wimberly, Collector of Customs at New Orleans, has declined to take up the task of reorganizing the republican party in Louisiana, and in an open letter scores President Roosevelt for disrupting it by his course toward the negro, which, he points out, has driven leading republicans over to the democratic party.

The election of a democratic judge to the 13th judicial district, after the threatened disruption of nearly a year ago, shows how the party has gotten together, and is very gratifying. Judge W. Conn Bell's majority is some 500 or more, and The Democrat feels to congratulate the splendid young lawyer and sterling democrat—Lexington Democrat.

Judge Emmett Field, of Louisville, dissolved the restraining order issued by himself in the Hunter-Edwards case on the ground that his court had no jurisdiction. In his opinion he sustained every other contention of counsel for Dr. Hunter. Dr. Hunter left at once for Somerset, saying before his departure that 10 or 17 of the clerks in the different counties would distribute ballots with his name printed under the log cabin. The case is also certain to be decided by Congress, as the loser will contest.

## HERE AND THERE.

Two men were killed by an explosion in Pittsburg.

Joseph F. Perrie, cashier of a bank at Maysville, is dead.

The interurban electric road between Lexington and Paris has been opened for business.

Frank L. Keefe, 15 years old died as the result of injuries received in a jumping contest four weeks ago.

Burglars entered a jewelry store in Bowling Green and secured between \$500 and \$600 worth of valuables.

Frederick Gaus died suddenly at his home on the Cane Run road of heart disease. He was taken ill on the road and hurried into the house to die.

Kentucky Day at the World's Fair will be Thursday, June 2, 1904, and the Kentucky Press Association will be present as the guest of the Kentucky Exhibit Association.

The strike of coal miners in Northern Colorado is 10 times greater than was expected by the operators. The Italians have quit almost to a man, but refuse to join the union.

George Honaker died in the Versailles jail while waiting for the court of appeals to decide his fate. He was given a life imprisonment for striking his wife with intent to kill.

It is stated in Campton that Commonwealth's Attorney Hyrd has yielded to the persuasion of friends and will not return to Jackson for his final term of the circuit court, as he has been warned that he would be assassinated.

## IN NEIGHBORING COUNTIES.

Alex Strong, a deaf and dumb student, died at Danville. His home was in Breathitt county.

John Hasty was struck by a train at Langford Station, Rockcastle county, and is in a very serious condition.

In an explosion in a coal mine at Pittsburg, Stewart Baxter was killed and Will Patterson rendered blind.

Hon. T. P. Reed, member of the legislature from Boyle county, will be a candidate for Prison Commissioner before the legislature.

The W. L. Curry Grocery Company, of Mercer county, with \$10,000 capital stock, has been incorporated. W. L. Curry and F. D. Curry, of Harrodsburg, are the incorporators.

Isham Strunk was killed at Strunk, Whitley county, by a man named Tucker. Strunk was drunk and went to a blind tiger, and when refused admittance began shooting into the building. Tucker ran out of a back door and shot him twice with a shot gun.

Prof. John Augustus Williams, one of the best known and most prominent educators in the State, died at his home at Harrodsburg Sunday. He had been ill only three days. He was 79 years old. No cause is attributed to his sudden death other than the infirmities of old age.

Wallace Hargis, son of Rev. George Hargis, of the Woodstock vicinity, met a horrible death in a peculiar manner. He was at work in a woodland and was located directly under a large tree, when suddenly a limb fell from the tree, striking him on the head and crushing the life out of him.

T. J. Rawlings, traveling salesman for Grinstead & Tineley, of Louisville, was shot and cut and probably fatally wounded at the Sexton's Creek voting precinct, in Clay County, at the election Tuesday. He was shot, it is alleged, by George and Jim Woods, and was cut by their father, Jack Woods.

## Give The Boys Some "Spend" Money.

In a statement covering the first year's work of the juvenile court offenders, Justice Julius M. Thayer, of the court of special sessions, asserts that the failure of parents to supply their children with spending money is the principal cause of crime among the boys and girls of New York City. Lack of knowledge of the first principles of practical civics, he said, is another reason found for innocent offenses of mischievous children.

"In many cases," the justice declares, "the parents are respectable, hard-working people, many of the children have good school records, but the difficulty is they have no money to spend so that their desire to have what other children have—candy and the like—cannot be gratified."

It may seem a little thing, but I firmly believe that many a child would be saved from his initial wrong step if the parent would make him a small allowance, even two or three cents a week in the cases where such a course is pursued the child usually becomes a sort of little business man, husbanding his resources and willing to spend no more than his allowance.

A WOMAN'S COMPLEXION.—It is rank foolishness to attempt to remove extenuation or greasiness of the skin by the use of cosmetics, or "local" treatment, as advocated by the "beauty doctors." The only safe and sure way that a woman can improve her complexion is by purifying and enriching the blood, which can only be accomplished by keeping the liver healthy and active. The liver is the seat of disease and blood pollution. Green's August Flower acts directly on the liver, cleanses and enriches the blood, purifies the complexion. It also cures constipation, biliousness, nervousness, and induces refreshing sleep. A single bottle of August Flower has been known to cure the most pronounced and distressing cases of dyspepsia and indigestion. New trial size bottle, 25 cents; regular size, 75 cents. At all druggists.

Nearly 150 persons have applied to a New York physician in reply to an offer of \$5,000 for a right ear to be grafted on the head of a wealthy Westerner.

Five persons were seriously injured in an automobile accident near New York.

He Learned a Great Truth.

It is said of John Wesley that he once said to Mistress Wesley: "Why do you tell that child the same thing over and over again?" "John Wesley, because once telling is not enough." It is for this same reason that you are told again and again that Chamberlain's Cough Remedy cures colds and grip; that it counteracts any tendency of these diseases to result in pneumonia, and that it is pleasant and safe to take. For sale by W. N. Craig.

The Morison Church purchased the old jail at Carthage, Ill., in which Joseph Smith, the prophet, was killed by a mob.

At Millersburg Mrs. Lucy Allen Howard was married to Edward Dorton, of Memphis. The bride was Miss Lucy Lee Allen, who used to visit the Misses Woods here, and is an exceedingly pretty and bright young woman.

We are in receipt of an invitation to the marriage of John Brauner Coffey to Miss Emily Riffe Hunn, at Columbia Nov. 20. The ceremony will occur at the Presbyterian church at that place at 7:30 P. M. Mr. Coffey is a fine business man and an excellent gentleman, while his bride-to-be is a charming young woman of many accomplishments. She is the daughter of Mr. and Mrs. Anthony Hunn, and formerly lived at Hustonville, where she is very popular. THE INTERIOR JOURNAL sends its greetings in advance of the happy event.

GERMAN SYRUP.—We want to impress on our readers that Rusche's German Syrup is positively the only preparation on the market to-day that does relieve and cure consumption. It contains the specific, such as pure tar, extracts of gums, etc., which have been so highly endorsed for the cure of coughs, colds and consumption by the great medical congresses. The consumptive, whether his disease is in the throat or lungs, must have rest at night, and be free from the pangs of dry and racking cough in the morning. The diseased parts want rest, healing and soothing treatment, and the patient needs fresh air, good food, etc. German Syrup will give free and easy expectoration in the morning with speedy and permanent relief. Small bottles, 25 cents; regular size, containing nearly four times as much, 75 cents. At all druggists.

## An Election Echo.

The election is now over and we are glad to say democracy is still ahead in Wayneburg precinct No. 1. This was shown by a majority of 88 votes. I love that vote of 180 for Beckham for governor; I only wish it could have been doubled; also glad to see 168 votes cast in the representative race in the name of democracy. And what shall we say in regard to the court house? Is it possible that only 54 voters out of 278 are in favor of building a new court house? Surely the people of this district did not understand that a new court house is badly needed at Stanford.

It appears to the writer that the democrats of this precinct have done a glorious work, considering the time they had been at work. I don't think the republicans left one stone unturned but at the same time they aroused the democrats the night before the election when the good old 'possums got to boiling. Now, if you want to get on the good side of a darkie, just name 'possum and sweet potatoes to him. The writer don't think he is very black but he loves 'possum and sweet potatoes better than any darkie you ever saw, but still he was not at the 'possum and potato roast. Opossums are valuable. They are good most any way you cook them, but the writer thinks they are better parboiled than baked. Not only the meat is good, but the hide seems to be more valuable than the meat. I know of one instance where a large, well dressed hide was traded for a little book containing Powers' speech. What about that? It means another 'possum skin toward Powers' pardon. What, pardon Powers? No, not if all of Kentucky showed up at the polls like Wayneburg No. 1 did.

MILLIONAIRE'S POOR STOMACH.—The worn-out stomach of the over-fed millionaire is often paraded in the public prints as a horrible example of the evils attendant on the possession of great wealth. But millionaires are not the only ones who are afflicted with bad stomachs. The proportion is far greater among the toilers. Dyspepsia and indigestion are rampant among these people and they suffer far worse tortures than the millionaires unless they avail themselves of a standard medicine like Green's August Flower, which has been a favorite household remedy for all stomach troubles for over 35 years. August Flower rouses the torpid liver, thus creating appetite and insuring perfect digestion. It tones and vitalizes the entire system and makes life worth living, no matter what your station. Trial bottles 25c; regular size, 75c. At all druggists.

Chief of Detectives Harry Stough and Chief of Police C. H. Overly, of Lexington, made the following report concerning the alleged attempt to assassinate Capt. B. J. Ewen: "After working on the case for three days, we find no evidence that leads us to believe that there is any truth in the alleged attempt to assassinate him, and it is our honest opinion that the whole thing is a 'fake.' Furthermore, we are convinced from all the evidence we have secured, and heard, that Capt. Ewen did all the shooting himself."

Doesn't Respect Old Age.

It's shameful when youth fails to show proper respect for old age, but just the contrary in the case of Dr. King's New Life Pills. They cut off maladies, no matter how severe and irrespective of old age. Dyspepsia, Jaundice, Fever, Constipation all yield to this perfect Pill. 25c at all drug stores.
